Since leaving Cuba in 1947, I lived in Turkey for two years, after which I went to school in the US, at Phillips Academy (Andover), Amherst College and Harvard Business School. In 1959 I moved to Brazil, living first in Rio, and then moving to Sao Paulo in 1961. I had a really magical marriage during 39 years, but recently became a widower, after which I moved to London for a year to pursue my interest in art and antiques, taking a course in history of Western art at Christie's. I have travelled extensively exhibiting my collections in museums around the world, and hope to continue to be able to do so in the future, but still plan to be based in Brazil. Classmates and schoolmates are welcome to contact me.

I was only there for what we now call Junior Kindergarten in Ontario. I remember my teacher a little bit, that she was very nice. I was only 4 years old. All the classes were entirely in Spanish. Since 2004 I have visited Havana several times and have seen the Ruston site which is now some sort of military installation. We lived very nearby in La Coronela in a house my father designed.

Was delighted to be contacted by Silvia Upmann and to hear that Tato is nearby. I don't see too many ex-Rustonites except my sister-in-law Carolyn Withus (who was married to my late brother Michael) and every summer I see Patti Garber Muir (who is presently living in India with her husband Rob). Would love to hear from any Rustonites, especially anybody in the Toronto Canada area.

Just found the Ruston website thanks to Patti (Garber) Muir - what great reading! So many familiar names! I've been living in Asia for 20 years, having moved here from Colombia, S.A. My husband, Chips, currently runs DHL for Asia/Middle East. We have four children: Melissa (29) in NYC; Elizabeth (24) in D.C.; Matthew & Michael (20) at U.Va, Charlottesville, Va. We summer in Hilton Head, S.C. and I would love to try to make a reunion! My sister, Susan (Gilbert) Tileston, lives in Nova Scotia.

I left Cuba to return to the US and graduated from high school in 1956 and from Brooklyn College in 1960. I married Noah Horowitz in 1961, we have 3 children - our elder son is a lawyer, our daughter is an ecologist, and our younger son (the only married one) is a computer network engineer. We have 4 grandchildren, the oldest almost 18 and the youngest going on 6. We lived in Israel from 1972 to 1989, returned to the US, and then came back to Israel in 2007.

Until my marriage, I was in regular contact with Norma Garcia y Merino from my class and her elder sister Nora. Would love to find them again.

Although I only attended Ruston for one academic year (1959-60) (Lafayette for the previous three...), I have many wonderful memories. We evacuated Cuba in September 1960, later than most Americans as my family had adopted an eight month old baby boy only a few months earlier, and we couldn't get him out right away!! We went to Miami Beach, and my dad stayed in Cuba to try to keep his business from being confiscated. He was recruited by the CIA, and was on-island when the Bay of Pigs occurred.. escaped on a fishing boat, chased by a Russian gun boat... Eventually left, disenchanted with the government..

After Cuba, my family spent some time in Ecuador and Mexico, and since high school, I've been predominantly stateside. Married, living in San Diego, have a daughter, now 23, whom we adopted from Russia when she was six. Still in practice as a clinical psychologist. Life has been good.. hard to believe how many, many years it's been since the idyllic days of Cuba. Have connected with a few Rustonians over the past month, and it's been a blast! Love to hear from more former classmates.... Debbie Z

I was a member of the Class of 1960, but I graduated from The Hill School in Pottstown, PA, went to Harvard, and then enlisted in the Marines. In 1965, with a view to making my way back to Cuba, I became a foreign correspondent and (one-man) bureau manager for UPI in Panama and Central America. Then, called back into the Marine Corps Reserve in 1967, I joined CBS News as a reporter in New York and became head of the international news operation. I am now, all these many years later, a producer of investigative documentaries, for the most part with the BBC as my partner. My wife Penny and I met at a party in Cleveland in 1963, we got married in 1966, and we have two children, Jonathan, 30, a reporter for Reuters in New York, and Audrey, 25, the assistant photo editor of Rolling Stone. Penny is an artist and an art teacher, and she has never been to Cuba, but she'll go someday soon. We all will. Enough is enough. I have remarkably vivid memories of the Class of 1960, and I'd like to see all of you again, one by one.

Eulogy: Florida Sea Base​ Coral Reef Captain Tim Mahoney lost his battle with lung cancer overnight. I was honored to have his lovely bride, Susan Mahoney, serve as the Program Office Manager for two summers. I was always impressed with Captain Tim's quiet, yet very noticeable, presence. If you sailed with Captain Tim aboard S/V Flamingo I know you had an experience of a lifetime. Florida Sea Base News, posted Feb 8, 2015 Captain Ed Marill, S/V Siesta, was a childhood friend of Captain Tim and posted the following on Facebook this morning.

Sad news. My good friend Tim Mahoney passed away this morning.

This is the message I just sent to the Boy Scout of America's sailing staff in Islamorada:

Tim Mahoney had been very ill with lung cancer at his home in Port Charlotte for the last few months. He leaves behind his wife Susan, a daughter Emma, and a son Flynn.

I became friends with Tim when he was my classmate in Cuba, starting in third grade at Ruston Academy, in Havana. We have stayed in touch over many years, and we sailed together aboard SIESTA in San Francisco Bay.

After he lived in Cuba, he and his parents lived in Argentina, among other places. Tim has had a love affair with sailboats since very young. He built several sailboats himself, and owned other very fast racing sailboats in the Bay Area.

When Tim and his wife, Susan, retired and sold their very successful wood flooring business in the Bay Area, they commissioned the building of a beautiful luxury 46′ catamaran in South Africa. They sailed their brand-new boat across the south Atlantic to South Florida. After a successful boat show in Miami, where they sold a sistership, they sailed over to Marathon, and spent a couple of months at our dock with us. We had a wonderful time together. We had some unforgettable sails aboard their cat. They learned about my work with Seabase, and expressed interest. Rich came down to meet them and see their catamaran boat, FLAMINGO, at our dock. Tim and Susan decided to pursue the SeaBase opportunity. Subsequently, they sold their catamaran in exchange for some cash plus a beautiful waterfront house in Port Charlotte, purchased their Whitby 42′, and both joined Florida Seabase three years ago. His boat, FLAMINGO, was sold just a few weeks ago.

Tim was a man of few words, strong but a bit shy. And as a friend, second to none. I will miss him.

Below is the sad text message I received from Susan this morning:

"Tim died early this morning very peacefully. I was with him. Hospice was beyond wonderful! I had them dress him in his FSB shorts and shirt. They have taken him to be cremated. We don't have plans for a service/memorial yet. It will be later in the year when we can get everyone together. Please let FSB know. If anyone chooses, please have donations made to Tidewell Hospice in Port Charlotte. They are on the web. Thank you Ed."

May Tim's soul rest in peace.

One daughter lives in SD (with my grandboys!) and the other now lives in Alaska. Que frijo! My mom died in 2002, so it's just me now. Business has been slow here, but I love living in SD. So much to do and with my liberal bent, CA suits me splendidly! Would love to hear from any old friends - not that you're old, just from "before."

Have vivid memories of the wonderful year at Ruston, 8th grade for me, and friends like Bob Marcus, Richie Harper, Malcolm Todd. Others whose names I had forgotten until this website brought them back to mind; amazing... Patty Garber in Calcutta, Joan Gilbert in Hong Kong. After college I kept my interest in Latin America alive with the Peace Corps in Colombia, later as a film maker made a film in the rainforest of Costa Rica. Now scaling back with large format photography. Very glad to see the mission of James Baker and Ruston Academy carries on.

Thanks to Bob and Rafael for providing this great place, a home for the Ruston Academy Web Site, in cyberspace. This is another example of the fact that the Ruston spirit lives on, way beyond the walls of our beloved school in Havana. We need more people to contribute to this Web Site, to expand its content and its meaning to all Rustonites. What a great start! Thanks, Bob and Rafael.

In Aug 1960 my father's company, Cubana de Cemento Portland (the \$24 M cement plant in Mariel), was taken from him at gunpoint and he was given 24 hours to leave the country. My brother and I ended up at Mercersburg Academy in Pennsylvania in Fall 1960. Very fond memories of Ruston and Cuba... I ended up as an engineer working on advanced technology systems including the space station, shuttle missions, Mars rovers, and astronaut training. The Ruston education definitely was a factor in my future success.

My freshman year at Ruston was certainly one of the happiest of my life. Such wonderful memories! I am Danish and my family went back to Denmark in 1959. They owned several stores in Havana ("The Danish House"). I came to the US in 1961 and have been here ever since. I married here, have two children, and taught Spanish for 30 years at the University of Akron. Jim (who also taught at the same university) and I retired to 35 acres in the mountains west of Colorado Springs. We divide our time between traveling abroad and enjoying the view from our house.

What a thrill to be part of this Directory and learn about old friends. I was a Bachillerato student (58-60). Attended Georgetown U. where I met my husband originally from Colombia, South America. We lived in Colombia for 6 yrs., in Chicago for 20 and have been in Key Biscayne, FL since Dec.99. We have a daughter in Philly (teacher) and a son in San Diego all over the skies (he is a pilot). How wonderful to see Ruston make it into the new millenium stronger than ever in our hearts and minds.

Moved to Miami in 1961 after graduation, married in 1962 and two children quickly followed - Jorge Enrique and Julie Anne. I am now the proud grandmother of 3 beautiful (of course) children, Nicolas Jorge and Henry James Alvarez and Andrea Marie Gordon. Extremely lucky that Mami, Julia Riera de Sabat, lives in Key Biscayne - 87! and going strong - as well as my son and family; my daughter lives in Coral Gables. She also always commented on how at Ruston she learned English and how it helped her establish a new life in the US. She came to South Florida in 1961 and married my father, and American from upstate NY in 1962. She was a school teacher from 1962 until her retirement in 1995. I also came to Ruston from Cathedral, and although I attended just one year, I have very good memories of our school, friends and teachers. I lived in the Chicago area for 23 years and lost touch with some of my classmates. I remember Maruchi, Mercedes, the de la Torre sisters and more. If anyone remembers please write me back. Also trying to do a Cathedral School reunion, so if anyone keeps in touch with Cathedral alumni let them know. What a great web-site this is!

I was a second or third generation Rustonian. My aunt Maria, class of 1936; my uncle Rosendo, class of 1937; my aunt Valentina, class of 1938; and my father Rafael, class of 1940 have all passed away. My mother Gloria Capablanca, class of 1941 is in good health and lives in Coral Gables. My grandfather Rafael was both a friend of Mr. Ruston and Mr. Baker, he was involved with the Ruston-Baker Foundation since its beginning.

I started Kindergarten at Quinta and attended thru to first month of 6th grade at Alturas del Country Club. My classmates father, Jaime Canaves was the Contractor for the new school. Remember Sra. Nina's famous "jaqueca", the bus ride with Gladys Sastre and Sra. Julia, playing baseball with Mr. Coletti, Terry Pratchett making us line up "at the crack", social dancing between the two 5th grade classrooms, Dr. Iglesias "Civica" and ridiculous marching; 1,2,3,4, comiendo m---- y rompiendo zapato and of course singing with Mrs. Baker. It was great seeing Meg Gianelloni at the Reunion.

The years spent at Ruston has given great meaning to my life. During the years at school, I had the best times of my life, sharing with my classmates and the wonderful teachers we had. My inclination towards music began developing with Sybil

Baker's inspiring choir, accompanied by two great pianists: Zeyda Ruga, and Maestro Morales. The performances we rendered during Christmas season and on different occasions of the year have remained as one of my life's most beautiful memories.

What a wonderful idea this web page has been! After all these years, we are sharing the joy of reading about old friends and classmates, not to mention the impact of those "Rustonian" articles. My brother Julio's "Last Semester at Ruston" as well as Polo's last visit to our beloved school were especially touching. My 1960 Senior class may remember me as the one who drove Mr. Petrillo crazy in Problems of Modern Democracy class with the "Queso Proceso" jingle . Poor man! Well, I did mature. I have been married 33 years ...to the same person and we are parents to Lance (30), Lisa (29), Lee (27), and Jon (25). I keep in close touch with many of my Ruston friends. Last March Yolanda Ribas (Morales), Graciela Cruz, Carlos Garcia, Gilberto Perez and I got together for the reading in Miami of Gilberto's book "The material Ghost".I look forward to seeing everyone at the 2000 reunion.....our 40th year one!!

Have five children (2 girls, 3 boys), and five grandchildren (1 girl, 4 boys), all half gringo, and all living in New York and Connecticut. The youngest of my daughters lives in Miami, so I am not without family here. However, in Miami there is an abundance of "extended family", that is, childhood friends, relatives and new friends. Ran twice for public office in Miami Beach, but have discovered that it is more efficient and effective to be an activist. So...I'm trying to help children, women and Latins. I am looking forward to seeing all my old friends and schoolmates in July. I hope everybody attends!

I attended Ruston from Kindergarten to graduation. Part of last class to receive diploma without graduation. Ruston memories have always been part of my life. The learnings from first day have carried me through life. I could never sing, Mrs Baker said early in my life, and she was indeed correct. Love the site and thanks to Bob for maintaining it.

I just found this website and was delighted to see so many names I recognize. I still name Ruston teachers as some of the best I ever had in my life: Uncle Boris (Goldenberg), who called many of us "mon petite chou;" Mr. Neuendorf from whom I inherited an undying love for the Kingston Trio; and Mrs. Ferrer, who was the only math teacher who could explain things to me 6 different ways until I finally got it! I also remember Mrs. Harper as my third grade teacher at Cathedral School. Since we left Havana in 1960, I graduated from high school in Pennsylvania, college from the University of Florida, and got my masters at the University of Colorado. I have two grown children, Rick who lives in Phoenix and Jeannie, who lives nearby in Clearwater, FL. My parents have both passed away (George and Mac Sheppard), but my younger sister Margaret, who also went to Ruston, is now living in Sarasota, FL. We'd love to hear from any old friends.

What great memories we have of those wonder years at Ruston! I graduated from Coral Gables High in 1962, attended U of M and later got my BA and MSW at FIU. I married Bill Ryan, an Air Force Officer, and experienced living in such places as Japan and Hawaii, but came back to Florida when Bill retired. Our son, Mike, is a CPA in Miami, and our daughter, Connie, lives in Virginia and has 4-month old twins, who this grandma dotes over every chance she gets. I'd love to hear from one and all!

: I am one of four Jove brothers that attended Ruston Academy. My older brother is Pedro and the two younger ones are Jose Ignacio and Jorge, I was class of 1967. We have a younger sister, Marta, born in 1960 which would have also gone to Ruston Academy. For those who rode on the school buses that business was owned by our grandmother. All of the old folks are gone now, however the Jove siblings are all alive and well and living in Miami. I missed the reunion on Nov 7th because the wife had a bad case of the flu. We Jove's are un poco dejados and not much for belonging to organizations and attending meetings, etc. Me being the one in computers was the one who found the website for Ruston one day and have stayed somewhat in touch since then. Feel free to reach out and if you are looking for one of my brothers I can put you in touch with them.

My sisters (Cathy Brown Crescioni and Vicky Brown Fields) and I attended Ruston Academy pre- and post-Castro. I vividly remember the day that all of the old textbooks were removed and replaced with ones deemed to be more suitable to the new regime. My twin sister and I just ADORED Rocky Harper--'cause he used to come visit the little Americanos and carry us around on his shoulders. We left Havana in a convoy with other Americans to Jose Marti Airport (17 suitcases!) always hoping that we'd be returning.

I'm sorry I missed this year's reunion (2003), but have enjoyed seeing all the pictures. I live in Crofton, Maryland with my husband of 43 years, Roberto. We have four sons, three of which live in the area. Our third one, David, stayed in Los Angeles after attending USC. I'd love to hear from those of you who remember me. I hope I can attend the next reunion.

It has been a wonderful surprise to hear from you. My mother, Mrs. Felice Moore Delgado, who taught for many years at Ruston passed away two years ago in Maryland, but she always loved and was proud to have been a member of Ruston. She also remembered with great love all her "children" and was very proud to know that they all did so very well even under such circumstances. I am married and have a daughter 13 years old, Naty. My brother and family live in Maryland.

What a great way to communicate and keep the Ruston spirit alive. I must tell you that my dear friend, Esther Tato, recently moved here from Cuba and now lives only thirty minutes away from our house. So yes, we are back to "chismeando" a lot, specially about old memories from school. She does not have an e-mail address yet. A chat room would be great. I have visited Havana 6 times since my family, including my sister Celia, still lives there. Would love to hear from any of the Ruston friends. I am hoping that many of you go to the 2000 reunion. Left Cuba after graduation in 1955, two years of college in Buffalo, New York. Went to Washington, D.C., where my father had been transferred (State Dept) after Castro, had one year of secretarial school and worked various positions in DC, culminating in the Executive Offices of the President during the Kennedy and Johnson administrations. Married Joe Chambers (USMC, Medal of Honor) in 1965 and picked up five stepchildren (2 older than I). Joe died in 1982, and I stayed in our home in Rockville, Maryland, until I married Bob Skinner in 1986. In 2002 we pulled up stakes and moved to Gorham, Maine. Bob's grandfather had been governor of Maine in the 1920s, so it seemed a natural progression. My Chambers family now consists of 15 step grandchildren, 18 step great-grandchildren, and 1 step great-grandchild! Would love to hear from all who shared that lovely island with me.

Hello, my name is Edward A. Ferrer (a.k.a., Eduardo). I was born in La Habana (Havana), Republic of Cuba on 3-23-39. I was a student at Ruston Academy from about Sept. of 1953(?) to May of 1955 (please check records). I spent two years in the Commerce Dept (Basic and Transition) before transferring to Cornwall Academy in Gt. Barrington, MA., USA, where I made HS in 3 years (1955 to 1958). I've lived in the USA for over 40 years (I am a Citizen since May of 1970). Retired from Hospitality Trade, I am getting involved in Bible Studies (Personal). Future plans may well include moving to Jerusalem, Israel. I am involved in Messianic Jewish Evangelism. Would like to be notified about reunions. I am sorry about Mr. Baker's passing last February. Would like also to know what happened to Dr. Rita Samsom, one of my former teachers (she is, or was Actor Steven Bauer's Grandmother [small world, indeed!]) Thank you for your attention, and God Bless You!

I attended Ruston Academy in the early fifties, and am one the countless Cuban-Americans who have morphed from a "gusano" to a butterfly. Some are now writing about their journey. My book has just been published: "Around the World in 70 Years--My Cuban-American Journey." It is available through Amazon for \$3.99 in the Kindle version and \$13.95 in paper back; Kindle provides free access to the cover and first chapter. I will donate any profits to LAS DAMAS DE BLANCO and other non-profit organizations that fight for human rights in Cuba and foster our Cuban heritage.

I have a passion for all things Cuban and buy all the biographies of Cuban-Americans I find. If any of Ruston's alumni read my book, I would appreciate it if they send me any comments to my email.

04/03/2013 Guess I'll never really retire. As they say,keep moving or they start throwing dirt on you. Joan and I now have 6 grandkids. 4 girls and 2 boys. Still painting and golfing. Do a lot of traveling. Winters are starting to get me thinking about moving south. Love to hear from old friends.

Semi-retired, but my consultanting business continues to thrive. Now have 5 grankids 4 girls and a boy. My three daughters live in Tennessee, Georgia, and Boston so I don't get to see them as often I would like. Joan and I do a lot of traveling and are busy with both county park and hospital volunteering. I continue with my watercolor painting and playing golf when the old back isn't acting up. Would love to hear from anyone that remembers Cuba as fondly as I do. Hope to see the day we can all enjoy it again.

Gracias Sheila Irvine for informing me about your fine effort Chris Baker to have this web data for Rustonians to connect. Was at Ruston from the earliest grade in the old Vedado building thru six grade. My Dad died in Cuba in '59 & brother John (Columbus School), mother and I moved to Beirut. John & I graduated from Westtown (Quaker) School in PA. I got a degree in Estudios Hispánicos/Univ. de Barcelona, then college in USA (Lake Erie in Ohio) and masters in clinical social work from Smith College. Was married 10 years to David Beres and we have a 23 y.o. son Plinio, now married, graduate of Northland College, and living in Wisconsin. Divorced David after 10 years. Fell in love with fellow grad student Marilyn (Maril) Collins in 1983 and we have been living in a committed relationship in Long Island since 1989. Have added a daughter, son, and two beautiful grandchildren thru Maril. Professions have included teaching college Spanish language and literature and working in hospitals, the last 10 years on AIDS Team at county hospital. Still living for the day we can return to Cuba LIBRE (!) and have a reunion there. Will try to make reunion this year(2000). Besides remembering the changes in texts that happened so suddenly after Fidel gained power, recall the day in Kindergarten when the turtles got out of the pond in the old school building, came into the classroom, and scared the teacher! Many other fond memories. Have email and WILL respond!

My family moved from Great Neck, NY, to Havana in the summer of 1958. I attended Ruston for most of 11th grade. After the "revolution," we returned to Great Neck at the end of February 1959, and I graduated from Great Neck North High School in 1960. I have fond memories of Cuba, especially my wonderful experience at Ruston, and I believe this brief departure from a conventional US education earned me admission to Harvard, where I attended college and graduate school, earning a Ph. D. in physics.

PLEASANT SURPRISE TO FIND THIS WEBSITE. I HAVE THE BEST OF MEMORIES. IT WAS A GREAT SCHOOL. After leaving Cuba in 1960, I finished high school at Coral Gables Senior HS in Florida. Then I went on to Georgetown Univ. where I majored in Business. I married and moved to San Juan, Puerto Rico where I am president of Amiguet Brothers Inc. a distributor firm in the field of consumer and health and beauty aids. I have three children: Carlos, an architect living in Barcelona, Spain; Eduardo who works at our firm in Puerto Rico and Elena who is a professional equestrian living in Wellington, FL. I hope from now on I can keep in touch with the Ruston family. Regards, Linda

It was great to learn about many of the people I still remember from Ruston. I have been married to my highschool sweetheart for forty years and have two wonderful children, Paco and Mari, but still no grandchildren. I still keep in touch with my friend Thania Ferrer (married to Agustin Rios) also a graduate from Bachillerato (1955) Would love to hear from anyone who knew me.

I have missed the last two reunions due to overseas travel. I do spend some time in Europe due to business and family - my wife is German. Certainly Ruston changed my life by providing an intellectual stimulus and respect for the idea of a free society that probably predetermined the rest of my life and made whatever success I've had possible - I think now more than ever there is a need for the ideals of Ruston.

I would love to get in touch with old classmates I do go to miami at least once per year to see family. I also travel to mexico and the west coast fairly frequently as well as DC. I would be happy to make a contribution to a "new Ruston"

I graduated from high school in Greenwich, Connecticut, and attended undergraduate school at the University of Wisconsin-Madison. Married in 1955, and moved to Salt Lake City in 1956, and completed my graduate degrees at the University of Utah. I especially remember Mari-Luz Suarez and her sister Ana Maria, Elvira Garcia, and Joan Gravell. I also remember Billy and Kenny Butler, Carol and Geoffrey Horne, Ann French, and Janine and Joan Youmans. My favorite teacher was Dr. Gundlach. My mother, Miriam Link, taught History the two years we were there. My brother Peter Link also attended and was in 8th and 9th grades, and my brother Andy Link was in kindergarten and first grade. He returned to Havana and attended Ruston again for several years.
